1. Show 16 as 10 and some more in the ten frames. Write the equation.

\[
\begin{array}{c}
\square \quad \square \\
\square \quad \square \\
\end{array}
\quad + \quad \begin{array}{c}
\square \quad \square \\
\square \quad \square \\
\end{array}
= 16
\]

2. Show 10 dots and 2 dots in the ten frames. Write the equation to show how many dots.

\[
\begin{array}{c}
\square \quad \square \\
\square \quad \square \\
\end{array}
\quad + \quad \begin{array}{c}
\square \quad \square \\
\square \quad \square \\
\end{array}
= \begin{array}{c}
\square \quad \square \\
\square \quad \square \\
\end{array}
\]

3. Show 18 balls as 10 and some more in the ten frames. Write the equation.

\[
\begin{array}{c}
\square \quad \square \\
\square \quad \square \\
\end{array}
\quad + \quad \begin{array}{c}
\square \quad \square \\
\square \quad \square \\
\end{array}
= 18
\]

- --- is 10 and 8 more

4. Complete the sentences.

a. 17 is --- and --- more

b. 13 is --- and --- more
