EXTENDED PRACTICE

INTRO TO THE NUMBER LINE

For each question, use the number line below the question to help you find the answer.

1. Jason plays baseball. He has 9 baseballs in his house. Kyle gave him some more baseballs. Now Jason has 16 baseballs. How many baseballs did Kyle give him?

2. The second grade raised $268 at the fall fundraiser and $122 at the spring fundraiser last school year. How many dollars did the second grade raise last year in total?

3. Katie had 21 coins. She gave some of her coins to her friend Olivia. Now Katie has 7 coins. How many coins did she give to Olivia?

4. Adnan’s family is taking a trip to see his grandparents who live 214 miles from Adnan’s home. They have driven 150 miles so far. How many more miles do they have to drive?

5. My board is 84 inches long. I need to cut 49 inches off the board. How long is my board after I cut it?
