EXTENDED PRACTICE

PLACE VALUE: ONES, TENS & HUNDREDS

1. Isabella has \(152\) books. What is the value of \(5\) in that number?

2. Ravi has these stickers on sheets of \(100\), \(10\), and \(1\).

   ![Stickers]

   How many stickers does Ravi have?

3. Amrita has \(503\) stickers. Draw a picture to show how many stickers she has.

4. Kerri has \(423\) flowers. She makes \(4\) groups of \(100\) flowers. How many groups of ten flowers can she make?

5. Mark has \(239\) marbles. He gets \(10\) more marbles. How many marbles does he have now?

6. Meira has \(199\) marbles. She gets one more marble. How many marbles does he have now?
