EXTENDED PRACTICE

PLACE VALUE: ONES & TENS

1. Hani has 72 model cars. What is the value of 7 in that number?

2. Sarah has 46 cupcakes. She wants to put them into boxes of ten. How many full boxes of ten can Sarah make?

3. Lori has these stickers. How many stickers does Lori have?

4. Delroy has 50 stickers. Draw a picture to show how many stickers he has.

5. Tori has 49 stamps. She gets one more stamp. How many stamps does she have now?

6. Franco has 89 marbles. He gets one more marble. How many marbles does he have now?
