

Four Seasons and Day Length Activity for Kids

Seasons Tree DIY

 Duration: **30 min**  Difficulty: **Medium**  Cost: **\$0 to \$5**

Make a flip book to show how the seasons happen in a pattern!

Material List

- 4** Pieces of construction paper
- 1** Bowl
- 1** Pencil
- 1** Glue stick
- 1** Pair of scissors
- 1** Pack of markers

Instructions

- 1** Turn the bowl upside down on the construction paper and trace around it.
- 2** Cut out four circles of equal size following the line you traced.
- 3** Fold each circle in half.
- 4** Open each paper and draw one tree on each one for each season.
- 5** The tree for winter should have no leaves on it.
- 6** The tree for spring should have buds and flowers.
- 7** The tree for summer should have lots of leaves.
- 8** The tree for fall should have leaves in red, yellow and brown.
- 9** Fold the circles in half.
- 10** Put the winter one in front of you, put glue on it and stack the spring one on top.
- 11** Next, glue the summer circle on top.
- 12** Finally glue the fall circle on top.

How It Works

As you flip through the book you will see that the seasons always happen in the same order: Winter, spring, summer, and then fall. Once you've gone through the four seasons, they start over again and continue in the same order. Seasons happen in the same pattern each year.
